Information Presentation

Information	Key Points
<ol style="list-style-type: none">1. Students will watch videos that sound interesting to them2. They will then choose a career that they think best suits them (or interests them)3. They will fill out the career on their worksheet4. They then can either research more on the website or do research on another site to find answers to their worksheet	<ul style="list-style-type: none">● Students will understand the process of finding a career they think best suits them

Summary
In the end, students will have completed a simple worksheet on the career they found interesting. Hopefully it will stick with them as they continue on their education career for after they graduate!

Student Activities
Students will watch videos and complete a worksheet that goes along with a specific career

Career Video Worksheet

Name: _____

Career You Found Interesting from Videos: _____

1. **Title of video you watched:** _____

2. **Why did you select this career?**

3. **Could you see yourself doing this in the future? Why or why not?**

4. **What is the starting salary for this career?**

5. **What is the max salary for this career?**

6. **Do you need a college education for this? Do you need training for this?**

7. **Would you have to move for this career? If so, where? (for example: a marine biologist might want to move closer to the ocean)**

8. **What are some job responsibilities?**

9. **Describe a day in the life of this career:**

10. **Would you like to do more research on this career?**
