MEDICAL IMAGING HIGH-DEMAND Job in Kansas TECHNICIAN

In this episode, Cool Careers Correspondent Raisa gets a close-up look into the world of medical imaging at Stormont Vail Health Clinic. She learns how ultrasounds are used to help people — and how ultrasound machines use some of the same technology as dolphins!

Medical imaging technicians take X-rays and CAT scans or administer blood tests to help diagnose medical conditions or to do research.

Typical Education Required For This Job: ASSOCIATE DEGREE AND ON-THE-JOB TRAINING

Episode Takeaways

Please respond to these questions using complete sentences.

1. True or false: X-rays are usually the first kind of machine that imaging technicians learn to use. *Circle one.*

2. What two courses should you take in high school to prepare for this job?

3. On a scale of 1 to 10, with 1 meaning “no way” and 10 meaning “this seems like a great job for me someday,” how interested are you in this career path? *Circle a number.*

1 2 3 4 5 6 7 8 9 10

Definitely not

Maybe

I'm super interested

4. Why did you circle the number you did on question 3?

5. Find the Medical Imaging Technologist page on **HirePaths.com**. What is one soft skill needed to do this job?
